

Monopolar scissors

Truly customised laparoscopic solutions

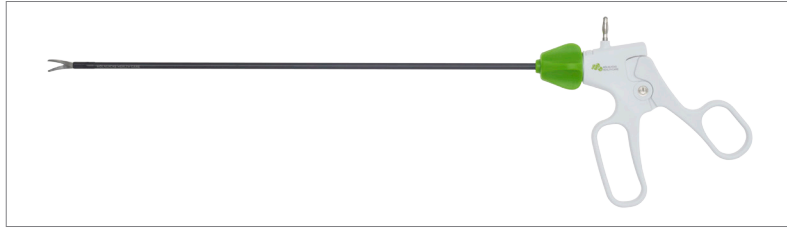

For the precise controlled dissection, coagulation and transection of vessels and tissue. Available both as sterile single-packed product and for inclusion in Mölnlycke® procedure trays.

- Convenient, always sharp, single-use instrument eliminates reprocessing and sterilisation costs
- Sharp Metzenbaum jaw blades ensure precise cutting action along the entire length of the blade
- Premium-grade stainless steel blades ensure sharpness is maintained throughout the entire procedure
- Fully insulated shaft ensures effective current containment
- Available in two shaft lengths, 33cm and 45cm; and two jaw lengths, 18mm and mini 12mm
- Ergonomic handle for surgeon comfort and control

Scissor jaw
