

Product name / Trade Name
BARRIER® Filtrering Half mask

Mölnlycke®

BARRIER® Filtrering Half Mask

EN 149:2001+A1:2009 FFP1 NR
EN 149:2001+A1:2009 FFP2 NR
EN 14683:2019+AC:2019 TYPE II

The filtering half mask consists of:

- FFP1 – Maximum filter penetration 20%.
- FFP2 – Maximum filter penetration 5%.

The filtering half mask consists of:

- A face piece with an inner layer of polyester, an outer layer of polypropylene and filter material of polypropylene in the middle.
- Two elastic bands of polyurethane.
- Noose clip of aluminium.

Indications for use
The filtering half mask is intended to be worn to protect the patient and/or user from the transfer of microorganisms, body fluids and particulate matter.

Warnings!

- Do not use this product when concentrations of contaminants are dangerous to life.
- Do not use this product in a low oxygen environment.
- Do not use this product in a potentially explosive atmosphere.
- This product does not protect against vapours.

Precautions!

- The filtering half mask worn inside will be left and the filtering half mask shall be discarded if:
 - There is any sign of fluid leakage through.
 - There is any sign of air strike.
 - Breath becomes uncomfortable and dizziness occurs.
 - The shift is ended.
 - Do not use the filtering half mask if there is a known hypersensitivity to the material of the product.
 - Adequate patient protection is not achieved if the filtering half mask is selected, fitted and worn correctly throughout the time of use.
 - Always refer to the instructions for use before using this product. Failure to do this may result in reduced effectiveness of the filtering half mask.
 - Use of this product does not eliminate the risk of contracting any airborne disease or infection.
 - Do not use this product when wearing a beard or sideburns. This may inhibit an adequate contact between the surface of a face and the edges of the mask and can cause air leakage.
 - The filtering half mask is limited to single shift use only (NR).
 - Do not reuse. It reused performance of the product may deteriorate and cross contamination may occur.

Instructions for use

- The filtering half mask should be used by a qualified healthcare professional. Always check the filtration half mask for damage before use.
- Consult images when reading instructions below.
- 1. Separate upper and lower edges of the filtration half mask.
- 2. Locate nose clip and slightly pre-form the nose clip in the centre of the panel.
- 3. Hold the mask with the inside facing towards you and the panel with the nose clip facing upward. Expose the elastic headbands. Use index finger and thumb to separate and hold both elastic headbands.
- 4. Cup the mask under your chin and pull the headbands over the head.
- 5. Position the top and above the ears over the crown of the head and the lower band behind the ears at the back of the head.
- 6. Conform the nose clip across the nose with both hands and adjust both mask panels to fit snugly around the face.
- 7. Make sure fit of the mask prior to entering the working area by doing the following:
 - Adjust slightly while wearing the mask. If you feel air escaping around the nose or along the chin, re-adjust the nose clip to conform to the shape of the face. If air escapes near the mask edges, pull the mask forward and adjust the mask for relief. If there is no proper fit, DO NOT enter the work area.

Special storage conditions and handling conditions
Store product in accordance with manufacturer’s instructions on packaging.
Disposal should be handled according to local environmental procedures.

Other information

- The filtering half mask has occurred in relation to the use of the filtration half mask, it should be reported to Mölnlycke Health Care and to your local competent authority.

The Mölnlycke and BARRIER® trademark, name and logos are registered globally to one or more of the Mölnlycke Health Care group of companies.

The filtering half masks are in conformity with Regulation (UE) 2016/425 (Personal Protective Equipment).

Lesen Sie vor Anwendung dieses Produkts immer die Bedienungsanleitung. Die Nichtbeachtung und/oder falsche Anwendung können die Wirksamkeit der Filterung beeinträchtigen.

Die Anwendung dieses Produkts schließt das Risiko nicht aus, sich mit einer vorgehen Erkrankung oder Infektion zu infizieren.

Verwenden Sie dieses Produkt nicht, wenn Sie einen Bart oder Koteletten tragen. Dies kann den richtigen Kontakt zwischen der Gesichtsoberfläche und der Maske verhindern.

Die Verwendung der Filterung Half Mask ist auf die Dauer einer Schicht begrenzt (NR) not reusable, nicht wiederverwendbar).

Nicht wieder verwenden. Die Leistungsfähigkeit des Produkts kann bei wiederholter Anwendung abnehmen und es können Kreuzkontaminationen auftreten.

Gebrauchsanweisung
Die filtrierende Halbmaske sollte von einer qualifizierten medizinischen Fachkraft angewendet werden.

Prüfen Sie die filtrierende Halbmaske vor der Anwendung stets auf Beschädigung. Beachten Sie beim Lesen der folgenden Anweisungen die Abbildungen.

1. Trennen Sie die oberen und unteren Ränder der filtrierenden Halbmaske.

2. Greifen Sie den Nasenclip und formen Sie diesen leicht in der Mitte vor.

3. Halten Sie die Maske mit der Innenseite auf Sie gerichtet, wobei der Teil mit dem Nasenclip nach oben zeigt. Legen Sie die Maske über Ihren Kopf und ziehen Sie die Zügelspanner und Daumen, um die beiden Gummibänder zu trennen und zu halten.

4. Ziehen Sie die Maske unter Ihr Kinn und ziehen Sie die Gummibänder über den Kopf.

5. Positionieren Sie das obere Band über den Ohren am oberen Teil des Kopfes und das untere Band unter den Ohren am Halsansatz.

Legen Sie den Nasenclip mit beiden Händen über Ihre Nase an und passen Sie beide Maskenseiten an, bis Sie bequem liegen.

7. Prüfen Sie die Dichtung und Passform der Maske, bevor Sie den Arbeitsbereich betreten.

Almen Sie beim Tragen die Maske schärf aus. Wenn Sie merken, dass Luft an der Innenseite der Maske durchdringt, ersetzen Sie die Maske durch eine neue. Achten Sie auf die Gesichtsmaske anpassung. Wenn Luft an den Maskenrändern austritt, versuchen Sie die Bänder enger zu stellen oder die Maske besser anzupassen. Wenn die Maske nicht richtig anliegt, betreten Sie den Arbeitsbereich NICHT.

Besondere Lager- und Handhabungsbedingungen
Behalten Sie das Produkt gemäß Herstelleranweisungen auf der Verpackung auf. Die Entsorgung sollte gemäß den lokalen Verfahren zum Umweltschutz erfolgen.

Weitere Informationen
Falls ein ernster Vorfall in Zusammenhang mit der Anwendung der filtrierenden Halbmaske auftritt, sollte dies gemeldet werden an Mölnlycke Health Care sowie die zuständige Behörde vor Ort.
